

FICHE TECHNIQUE

N0926 : NAPHTHYLPHTALAMIC ACID

CAS number 132-66-1

Molecular weight C₁₈H₁₃NO₃ = 291.3

Storage condition

- Store at room temperature
- Soluble in alkaline solutions

Hazard statements

- **H412** Harmful to aquatic life with long lasting effects

Precautionary statements

- **P273** Avoid release to the environment

N0926.0250/ 250 mg
